## SKILLS I'M WORKING ON

## My Goal – Be Your Next Developer

Looking for a great return on investment? Invest in me and I will give you an exponential return. Through hardwork, dedication and passion I will become the next great developer your company needs. Just give me a shot!

I work mainly with JavaScript – Backend Node and Frontend React, but I am flexible. In the long term? I'd like to help alleviate global problems such as unemployment, food wastage, and mental health.
